

**CELEBRATING
25 YEARS
OF
SPECIAL CENTRE FOR MOLECULAR
MEDICINE**

*SCMM family cordially invites you to
the silver jubilee celebration*

MONDAY

09

SEPTEMBER

2024

AUDITORIUM, JNU CONVENTION
CENTRE

We're delighted to announce that our centre has completed 25 years. To celebrate this milestone, we extend a warm invitation to join us in commemorating this occasion.

"Silver is the metal of strength, and twenty-five years shine as a testament to unwavering commitment and success. Here's to a brilliant journey and even brighter years ahead!"

One Day Symposium to celebrate the Silver Jubilee of Special Centre for Molecular Medicine

10:00 AM- 10:30 AM

Inauguration Session

Welcome address by **Prof. R. K. Tyagi, Chairperson,**
Inauguration by **Prof. Brajesh Kumar Pandey, Rector-I**
Prof. Dipendra Nath Das, Rector-III

10:30AM - 10: 45AM: Tea break

Session I

10:45AM – 11:10AM **Dr. Nivedita Gupta, ICMR Head Quarter, New Delhi**

ICMR's role in pandemic preparedness

11:10AM – 11:35 AM **Dr. Sanal MG, ILBS, New Delhi**

Story of unexpected help from a viral protein in making pluripotent stem cells

11:35AM – 12:00 PM **Dr. Jagannath Pal, Medical College, Raipur, Chhattisgarh**

Scoring of early host- immune response from oro-nasopharyngeal swabs: a paradigm shift managing future pandemic

12:00PM – 12:25 PM **Dr. Dibyendu Banerjee, CSIR-CDRI, Lucknow, UP**

DNA Damage and Repair Proteins in Cancer Therapeutics

12:30PM -1:30 PM POSTER SESSION

LUNCH 1:00 PM to 2:00 PM

Session II

2:00 PM - 2:25 PM **Dr. Vijay Verma, University of Delhi, South Campus**

Toxin-antitoxin modules in human pathogen Helicobacter pylori: From identification to biological roles

2:25 PM – 2:50 PM **Dr. Rajesh Kumari, University of Allahabad, UP**

RNA modification-based RNA therapeutics: What do we know in the field of diabetes?

2:50 PM- 3:15 PM **Dr. Ashraf Dar, University of Kashmir**

Dubbing DNA damage with ubiquitin pathway

Invited Special Lecture on Molecular Medicine

3:30 PM- 4:15 PM **Prof. B. K. Thelma, Department of Genetics, University of Delhi**

RIC3 in Parkinson's disease: From etiological variant discovery to exploring its therapeutic potential

4:15 to 4:30 TEA BREAK

Session III

4:30 PM – 5:30 PM: **Prof. Rajendra Prasad, Amity University, Gurugram, Haryana & Founder Chairperson of Special Centre for Molecular Medicine, JNU**

Reminiscence of SCMM evolution with recent excitement in antifungal resistance: The ode of an Accidental Chairperson

5:30 PM Onwards Down the Memory Lane

HIGH TEA

Venue: Auditorium-II, Convention Centre, JNU, New Delhi

Supported by Council of Scientific & Industrial Research
