

COURSE DETAILS FOR MONSOON SEMESTER-2021 OF ACADEMIC YEAR 2021-22

Sr. No.	Name of the Course
MSc.	
Semester – I (all core courses)	
CM401	Basic Biochemistry
CM402	General Microbiology
CM403	Cell & Developmental Biology
CM404	Anatomy & Physiology of Human Body
CM405	Pathology
CM406	Lab Practical (Biosafety, Biochemistry & Microbiology)
Ph.D. Semester – I optional (to opt Any three)	
CM601	Concepts and perspective of molecular medicine
CM602	Molecular basis of infectious diseases
CM603	Molecular Basis of Metabolic Disorders
CM605	Nuclear Receptors in Health and Disease
CM610N	Cell Adhesion & Signalling
CM612	Pharmacology and Therapeutics
CM613	Adaptive Immunity
CM614	Mammalian Microbiome and Innate Immunity
CM615	Biology of Cancer
CM616	Host pathogen interactions and therapeutic intervention strategies
