School of International Studies M.A. (IRAS) Programme

Course No. : IA 507

Course Title : Political Economy of Latin America (Optional)

Course Instructors : Dr. Aprajita Kashyap

Credits : 4 Semester : Third

Instruction Method : Lectures, Seminars/ Tutorials

Evaluation Method : Sessional Work and Semester Examination

Course Duration : One Semester Contact Hours : 4 per week

Course Content:

This course attempts to present an overall picture of the economic realities of Latin America. The general approach will be to survey contemporary Latin American economic problems with the intent of fostering an understanding of the economic and political changes that are taking place throughout the region. This would be prefaced by discussion and analysis of problems relating to development and some well known theories and explanations for the underdevelopment of Latin America. Knowledge of Spanish or Portuguese language is not a requirement for the course.

Topics

1. An Overview

- a) Geographical and Physical Features
- b) Resource Endowments and Demographic Patterns and their Impact on the Latin America Region

2. Modern Political Economy

- a) Major Actors in Latin American Politics and Economy
