

JAWAHARLAL NEHRU UNIVERSITY TEACHER'S ASSOCIATION

PRESS RELEASE

February 17, 2016, 6.30 PM

Brutal attack on teachers, students and media persons in the court premise on 15th and 17th Feb establishes beyond all doubt what the JNUTA has maintained all along – that the police action against students and malicious vilification campaign against JNU is nothing less than blatant attack on the Constitution of India, democracy, and the rule of law. These are clear indications that even the capital city is not safe from those who would scuttle the very process of justice. What began as the attack on JNU has now extended to the planned assault on media and even the violation of the sanctity of courts. The fact that the Delhi Police has become the willing instrument of all these to the extent of violating the Supreme Court order makes the situation even more alarming.

JNUTA appeals to all citizens of this country to see through the conspiracy and stand up against this onslaught and protect the values enshrined in the Constitution of this country.
