7 March 2013

To

Shri Ramakant Goswami

Hon'ble Transport Minister

Government of NCT of Delhi

Sub: *Metro Feeder Bus Service from Hauz Khas Metro Station to JNU*

Dear Sir,

Thank you for agreeing to meet the delegation of the Jawaharlal Nehru University Teachers' Association.

You would agree that the tragic incident of 16 December 2012 in a moving bus is still very much alive in our memory. We would like to point out that the incident occurred because the lady had to board a private bus due to inadequate availability of public transport. You may like to note that the place where she boarded the bus from is at a stone's throw distance from the JNU campus, and many of our female students and residents use that route, and the bus stop, to commute between the campus and the nearest metro station at Hauz Khas.

In the given situation, we urge you to provide a Metro Feeder bus from the campus, a long-standing demand of the community, urgently. We sincerely hope that this legitimate demand of the residents of our campus will be met without any further delay. We also wish to mention that such a step would go a long way in avoiding any untoward incident, like the one mentioned above, in future.

Looking forward to your positive intervention,

Sincerely,

(Sanjay Kumar Pandey)

President, JNUTA
