APPEAL

It is hereby informed that some outsourced contractual workers have proceeded on strike despite written advice by the Assistant Labour Commissioner vide his e-mail dated 29/10/2026 to withdraw the strike notice forthwith, as the conciliation proceedings are still pending before this office and the proposed strike attracts the provisions of Sections 62 and 63 of the Industrial Relations Code, 2020. This has resulted hampering of mess and sanitation services in all hostels under Inter-Hall Administration. It is pertinent to note that the hostel mess is an integral part of IHA/University and we are committed to provide nutritious and timely meals to all residents of the hostels. In order to ensure its smooth, hygienic, and efficient functioning, it is essential that all stakeholders collaborate and strictly adhere to established protocols.

We have already held a few meetings with Administration and taken up your concerns with the concerned service providers. The Inter Hall Administration continuously monitoring situation and making all its efforts to normalize the situation in the interest of student community.

I strongly appeal to all the outsourced contractual workers not to participate in any kind of strike/illegal activity and resume to your respective workplace forthwith failing which the Rule of "No work-No wages" may be strictly complied with.

Dean of Students
