

# National Conference on Role and Challenges of Women's Participation in Environment Sustainability and Innovation Policy

22 & 23 March, 2018

Venue: Centre for Studies in Science Policy, Jawaharlal  
Nehru University, New Delhi

## Call for Paper

The role and participation of women in environmental sustainability and innovation is one of the most pressing issue to ensure growth and economic development of the society. The challenge is that how to include perspectives and empathic understanding of women in harvesting of energy, creating clean and smart cities, developing technology driven agriculture, developmental projects, and fostering science, technology and innovation. There is a need to understand and know about impacts of development projects on women in India. The challenges for the participation of women in science, technology and innovation are also significant for this conference. The conference is open to all the stakeholders who are engaged in above areas. The researchers and interested stakeholders are encouraged to submit papers on identified themes.
