Patron

Prof. Santishree Dhulipudi Pandit
Vice-Chancellor, JNU

Chairperson

Prof. Pawan Kumar Kulriya
Dean, School of Engineering, JNU

Co-ordinators

Dr. Ashwini Kumar Arya
Dr. B. Lakshmi Priya
Dr. Benay Kumar Ray
Dr. Kethavath Kranthi Kumar
Dr. Lavish Kumar Singh

Organizing Team

Faculty, School of Engineering, JNU

About the Symposium

The International Symposium on Engineering (ISoE 2026), organized by the School of Engineering, Jawaharlal Nehru University (JNU), New Delhi, India, is a premier forum designed to bring together academicians, researchers, industry professionals, and students from diverse engineering domains with a focus on "Integration of AI, IoT, and Green Technologies for a Sustainable Future".

ISoE 2026 aims to foster interdisciplinary dialogue, showcase cutting-edge research, and explore technological solutions to global challenges. Through keynote lectures, technical sessions, oral/poster presentations, and project exhibitions, the symposium will provide participants with opportunities to exchange ideas, build collaborations, and contribute to shaping the future of engineering and technology.

Who should attend ?

The symposium is intended for

- Under Graduate Students
- Post Graduate Students
- Ph. D. Scholars

who are actively engaged in cutting edge research in the field of engineering and technology.

Events

- Keynote Lectures
- Oral/ Poster Presentations
- Student Project Exhibition
- Networking Sessions

Key Dates

Abstract Submission Deadline: 10 Nov 2026
Acceptance Notification: 12 Nov 2026
Registration Deadline: 14 Nov 2026

International Symposium on Engineering (ISoE-2026)

Theme: Integration of AI, IoT, and Green Technologies for a Sustainable Future

20 NOVEMBER 2026

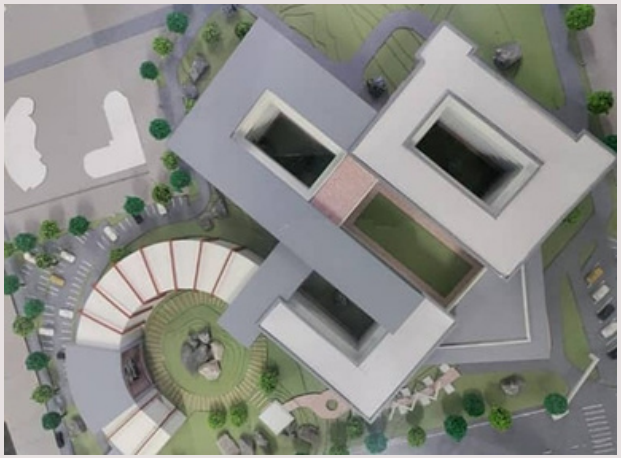

9:00 AM - 6:00 PM

Information Brochure and Call for Abstracts

About School of Engineering

The School of Engineering, Jawaharlal Nehru University (JNU), New Delhi, established in 2018, is a rapidly growing center of excellence dedicated to cutting-edge research and innovation in engineering and technology. With academic programs spanning Computer Science and Engineering, Electronics and Communication Engineering, and Mechanical Engineering, the School offers B.Tech, M.Tech, and Ph.D. programs that blend strong theoretical foundations with practical applications. Backed by JNU's rich legacy of academic excellence, the School of Engineering (SoE) emphasizes interdisciplinary learning, industry collaboration, and research-driven education, preparing students to meet global challenges in science, technology, and innovation. SoE actively promotes research in emerging domains such as artificial intelligence, advanced manufacturing, smart materials, communication technologies, and sustainable energy systems. With its vibrant research culture and commitment to innovation, the SoE is poised to become a leading hub for next-generation technologies and academic-industry partnerships.

Technical Advisory Committee

- Dr. Aishwari Talhan, University at Albany, New York, USA
- Dr. Arjun Kumar, Xi'an Jiaotong-Liverpool University, China
- Dr. Fatima Kakepoto, Zhejiang Normal University, China
- Dr. Krishna Kumar, University of Auckland, New Zealand
- Dr. Mugahed A. Al-Antari, Sejong University, South Korea
- Dr. R. Sahid Aziz, South Metropolitan TAFE, Australia
- Dr. Shyam Narayan Singh Yadav, imec, Belgium
- Mr. S. Purushothaman, ISRO, India
- Dr. Rohit Srivastava, NCPOR, Goa, India
- Dr. Deepak Joshi, IIT Delhi, India
- Dr. Jagannath Malik, IIT Patna, India
- Dr. Ramesh Patel, IIT Tirupati, India
- Dr. Ravi Panwar, IIT BHU, India
- Dr. Sukvinder Singh, NIT Jalandhar, India
- Dr. Balvinder Raj, NIT Jalandhar, India
- Dr. Anuraj Singh, IIITM Gwalior, India
- Dr. R. Prasanth, Pondicherry University, India
- Dr. Kavinder Singh, Delhi Technical University, India
- Dr. Annu Jaiswal, JSS University, Noida, India
- Mr. Devansh Deolekar, Scientist E, BIS, New Delhi, India
- Dr. Pushpendra Singh, JNU, New Delhi, India
- Dr. G. Renuka Devi, JNU, New Delhi, India
- Dr. Krishnan Rajkumar, JNU, New Delhi, India
- Dr. Prerana Mukherjee, JNU, New Delhi, India
- Dr. Ankit Kumar Jaiswal, JNU, New Delhi, India
- Dr. Shashank Vadlamani, JNU, New Delhi, India

Themes

- Artificial Intelligence and Machine Learning Applications
- Data Science, Big Data Analytics and Cloud Computing
- Cybersecurity and Blockchain Technologies
- Computational Modelling and Simulation
- IoT, Edge Computing and Smart Systems
- Quantum Computing
- Internet of Things (IoT) and Embedded Systems
- VLSI Design and Microelectronics
- Wireless Communications and 5G/6G Technologies
- Smart Sensors and Instrumentation
- Signal Processing, Control and Automation
- Robotics, Mechatronics and Autonomous Systems
- Additive Manufacturing and Smart Materials
- Thermal, Energy and Sustainable Systems
- Mechanical Design and Advanced Manufacturing
- Digital Twins, Simulation and Process Optimization
- Not limited to the above themes.

Venue

Engineering Lecture Complex, School of Engineering, JNU

Abstract Submission : Submission Form

Registration fee: Rs 500/-

Note:

- It is a one day event, and no boarding and lodging will be provided.
