Statement

The Competent Authority on behalf of the University Administration went to meet the Hunger strikers at 8.50am on 16th October and found no one sleeping there. Medical care is even being given to the rusticated students on humanitarian grounds. Twice a day check up from Day one as per medical protocol.

Along with this the Competent Authority appointed a Committee headed by Prof. Vivek Kumar - Dean SSS, Prof. Sharad Soni- Associate Dean SIS, Prof. Sudheer Pratap Singh-DoS; Dr. Poonguzhali N. ADOS-1, Dr. Jaikhleng – ADOS-2, Dr. Fouzia-CMO and Dr. Bhati to meet the students on hunger strike. In this regard, two rounds of discussion with the hunger strikers have taken place. The Committee met the strikers on 14th October, 2026 at 5 pm (Wednesday) to discuss the matter. The discussion went for a few hours and it was decided that the students will meet later on.

Further, before that on 09th October, 2026, the same Committee had met the strikers at Vice Chancellor's Office and discussed the matter for more than 4 hours. The result of the meeting was that the two groups sitting on hunger strike ended their hunger strike after assurance by the Committee. The groups refused to meet together, they met separately.

It is important to note that CMO has been meeting the students on strike on daily basis to check their vitals and health condition. This administration has been the most democratic and humanitarian and never took extreme action against the rusticated students for destroying public property worth Rs.20 lakhs and violated all restrictions put on them, stayed on campus and participated in all protests which was also political, in violation of all rules and their bail conditions.

This was bought from money given by Government of India, Indian Taxpayers money.
